

CAMANCHE HILLS SHOOTING SPORTS

Whether you are new to shotgun sports, or an experienced sporting clay enthusiast, Camanche Hills has what you are looking for. Camanche Hills offers a variety of shotgun sports, including three ten-station sporting clay courses, a grouse bunker, two 5-stands and a trap range. The Preserve also offers a large clubhouse with a restaurant and a well-equipped pro shop.

Rental guns are available for first time shooters and all necessary supplies are available in the pro shop. Targets are \$38 for a round of 100. Ask us about our Annual Punch Card Program and Gold Punch Card Program.

*Sporting clay facilities are open to
the public year round.*

SPORTING CLAY INSTRUCTION

We take pride in introducing both children and adults to enjoyment that recreational shooting sports can provide. Instruction is available for all levels of sporting clay enthusiasts from beginners to advanced competitors. We offer both private lessons and group instruction.

Beginner instruction includes gun safety, shotgun handling and sporting clay target shooting. Following instruction students will be able to handle, load and shoot a shotgun safely and will have an opportunity to learn and practice shooting different types of sporting clay targets.

We offer a variety of shooting clinics and classes and have an onsite Level II NSCA sporting clay instructor available for intermediate and advanced sporting clay instruction. Please check out our website: www.camhills.com Hunts & Special-Events for a current schedule. We also offer winged shooting instruction.

Shooters should wear good walking shoes or boots, a visor or hat and a shirt with sleeves for comfort and protection. Eye and ear protection are required and may be purchased in the pro shop.

*Camanche Hills is the largest sporting
clay facility in California and offers a
family oriented shooting experience.*
